

**GREENLAW FAMILY ASSOCIATION
QUINQUENNIAL REUNION
DEER ISLE, MAINE, SEPTEMBER 6 through 8, 2013**

The Greenlaw Family Association Quinquennial Reunion will be held on Deer Isle, Maine, from September 6 through September 8, 2013.

The Association was formed following a reunion in 2003 which celebrated the 250th Anniversary of the arrival of William and Jane Greenlaw from Scotland in 1753. The Greenlaw family grew very fast, and spread throughout the coastal areas of North America. The family was divided during the Revolutionary War, and the Greenlaw Family Association celebrates the heritage of the family on both sides of the Canadian/United States border. The Greenlaw Family Association hosts a reunion for all Greenlaw descendants and those interested in the Greenlaw family every five years, alternating the reunion location between the US and Canada.

The Deer Isle location was chosen because of the rich Greenlaw history on the Island, the availability of historical information which gives a view of how our early North American ancestors lived, and the spectacular beauty of the area.

Workshops will be held on various topics, such as the early years of the Greenlaw family, Greenlaw genealogy, original Greenlaw homes still standing on Deer Isle, the Penobscot Expedition and the Castine Loyalists, and other topics. The Deer Isle – Stonington Historical Society will be fully staffed for reunion attendees to research their roots in the archives, and view historical exhibits in the various buildings, including the 1830 Seller's house and the Maritime Exhibit Hall. The historical society in Castine also has interesting information about our ancestor's lives.

There will be ample opportunity to informally meet and exchange genealogy and family history information with Greenlaw cousins from near and far.

The American Greenlaw tartan will be on display, and order forms for tartan will be available.

Two dinners are planned, both with live Celtic and seafaring music from renowned Maine musicians and featuring great local food !

A remembrance service honoring our ancestors will conclude the official reunion activities.

We hope that all Greenlaws and those interested in the family will join us for this event ! Please find details and registration information and other Greenlaw Family Association information at our newly reconstructed website at <http://www.greenlawfamilyassociation.com/>
