## Classroom Activities

We just started school and are working on the person project. They have to create a person who could hold the job of Communications Director for Kaplan University. They need to create this person's life from high school graduation to now based on a minimum of eight years of experience in or from a related field. To complete the assignment I'll need a cover letter, resume, application, social security number drivers license, birth certificate, three letters of recommendation (optional) and a brief biography of their person with a statement of why they should be hired.

## Career Association Activities

At the moment we are still trying to fill our last officer positions and decide how and what we are going to do to fundraise for this year. We have set our Initiation and Installation for October 19<sup>th</sup> a Wednesday at 6:00pm at the Milo Town hall. Principal Scott Gordon will be the Keynote speaker with Superintendent David Walker making the opening statement.

## Follow up

*The Star this month is*

*Aleesha Chadwick who rolled her car over three times was ejected and as far as I could tell from speaking with her direct supervisor, never missed any work. I'd like to take credit for her work ethic but I think that comes from her Mother.*

Aleesha Chadwick is working for Hannaford's.

Samantha Chase is working for Brewer Rehab.

Jessica Coburn is looking for work.

Shane Herbest is working for the Railroad.

Stephanie Johnston works for the Maine Veterans home.

Hilary London is getting ready for college and working at Shaw's.

Ashlei McMahon has move to Wyoming.

Marie Moulton works at the redemption center.
