LIVE SIMPLY-LOVE GENEROUSLY CARE DEEPLY-SPEAK KINDLY

Tuesday, Aug. 26, 2008 Volume 7 Number 42

A huge "Thank-You" from area children to JSI!!

This group shot shows all the golfers. What an amazing bunch you are!!

The annual JSI golf tournament, The Clayton Johndro Memorial, was an amazing success and raised the staggering amount of more than \$5400.00! This record-breaking donation was split between the Milo PTO's Playground Fund, and Three Rivers Kiwanis's Children's programs.

JSI is a jewel in our town that employs a huge workforce. If you see Mark Awalt and his brothers be sure to mention how much we all appreciate their generosity and dedication to our area.

The winning four-some is shown, and consisted of Eben DeWitt, David Mumford, Herbie Dunham and Steven Dunham. Mark Awalt is shown in the center. Thanks for keeping the championship trophies in town!!

Comedian Travis Cowing and Friends George Hamm and Ryan Waring
Appearing at the Milo Town Hall Performing Arts Center---To Benefit PAWS
Sunday, August 31 at 8 PM
Doors open at 7 PM

Help your Neighbor!

On **August 31** the Nor'easter's weekly **Sunday Charity Breakfast** will benefit the Dover-Foxcroft Congregational Church's Fuel Assistance Fund. In the past we have assisted folks from

Brownville, Monson, Milo, Dover, Dexter, Guilford, and other towns who needed help buying fuel to heat their homes. We expect many more requests this winter. With YOUR HELP we will be able to honor many more of those requests. The restaurant can seat 50 and we would love to have all the seats occupied. These meals are a lot of fun, delicious, and a great start to you Sunday morning. Less labor for you on Labor Day weekend!

Please make plans with your family and friends to attend the breakfast. **Call the Nor'easter at 564-2122 to make reservations to arrive between 8:00 and 8:30 AM** for a delicious meal with a choice of four different entrees, coffee and juice or milk. The cost of the meal is \$10.00 and the Nor'easter donates the proceeds after deducting their cost for food to our fund. All the labor is donated. We will have four of our deacons assisting as servers! **COME AND EAT SO OTHERS CAN HEAT!**

LOOKING FOR

I am looking for a dog or pup for free. I just moved to Brownville Jct. and need a companion to keep me company. Does not matter what kind of dog, looking mostly for a small breed but will take larger breeds. It will have a very loving home! Contact: Roxanne Hilton roxyh_05@yahoo.com or 207.279.4015

The 4th annual "Slick Softball Tournament" was held on Saturday at Davis Field in Brownville. The tournament is done in memory of Charlie Sickler. Here, his mother Betty Sickler presents Rec. Director Dean Bellatty with a championship T shirt as she prepares to throw out the first pitch. Charlie's daughter is seen in the back. As always it's a tournament that's a lot of fun, the way Charlie would have enjoyed it.

REFLECTIONS FROM THE CAMPAIGN TRAIL

Sue Mackey Andrews,
Candidate for Senate District #27

Thanks to everyone in Brownville and Brownville Junction for a great parade day on Saturday! We had a fun time at the breakfast, marching in the parade and afterward, greeting folks at the Piscataquis County Democratic Booth. Thanks for the warm welcome!

Many people are worried about the coming winter and their ability to stay warm while still paying for food and medications. This week's column provides information about a variety of energy resources - everything from tips to buttoning

up your home for tighter energy conservation, to assistance programs for low and middle-income individuals covering a range of energy needs. Lower income households may qualify for heating assistance and energy improvements at no cost. Moderate-income households may qualify for low cost energy loans.

The demand for all kinds of assistance will be likely be far more than in previous years; please read this carefully and make the appropriate contacts just as soon as you can.

If you (or someone you know) cannot afford to heat your home, pay electric bills, or would benefit from energy improvements such as new insulation, a new heating system, or energy efficient appliances, help may be available from the MaineHousing Authority programs.

- Moderate-income households may qualify for low cost energy loans.
- Lower income households may qualify for heating assistance and energy improvements at no cost.
- Moderate-income households may qualify for low cost energy loans.

Much more specific information on these opportunities can be found at: [Apply for assistance](#)

You can also get information on these loans by calling or visiting your local Camden National Bank office.

Additionally, lower income households may qualify for heating assistance and energy improvements at no cost.

- The program that most Mainers are familiar with is called LIHEAP - The Low-Income Home Energy Assistance Program - which provides money to help low-income homeowners and renters pay for heating costs. Sources of heat may include fuel oil, propane, wood or pellets.
- If you receive residential electric service from an electric utility and you are not living in government subsidized housing, you may be eligible for assistance with your electric bills from your electric utility's Low Income Assistance Plan (LIAP).
- If you pay your own electric bill, you may be eligible for a new, energy-efficient refrigerator from MaineHousing's Appliance Replacement Program.
- If your home is not as energy efficient as it could be, you may qualify for home weatherization improvements through MaineHousing's Weatherization Program.
- If your heating system is in need of repair or replacement, you may qualify for the Central Heating Improvement Program (CHIP).

You can ask about each of these MaineHousing programs by calling your local Community Action Program (CAP). When you apply for LIHEAP, you are automatically considered for the other programs.

Penquis Community Action Program -Penobscot, Piscataquis and Knox Counties

50 North Street
Dover-Foxcroft, Maine 04426
Phone (207) 564-7116

Web site: www.penquis.org

**KVCAP - Kennebec Valley Community Action Program
Kennebec and Somerset Counties**

26 Mary St.
Skowhegan, Maine 04976-9700
Phone 1-800-542-8227

Web site: www.kvcap.org

The Community Action Programs offer a wide range of programs to both low and moderate income households. They offer energy assistance programs, assistance with paying heating and utility bills, as well as transportation services. If you are unable to leave your home to complete an application for these programs, an appointment will be made to visit you at your home.

Efficiency Maine is a statewide effort to promote the more efficient use of electricity, help Maine residents and businesses reduce energy costs, and improve Maine's environment.

MaineEnergyInfo.com is a cooperative project of nine (9) State agencies to provide easy access to Maine energy information. This site provides links to Maine energy information located on dozens of State, federal, and industry websites.

Section 502 and Section 504 Repair and Rehabilitation Loans can help qualifying Maine people update inefficient heating systems, windows, doors, etc. In some cases, other community resources may be available to help.

- **211Maine - 2-1-1** is an easy to remember telephone number that connects people in need with the community resources available to help meet those needs. The offers are an on-line searchable database of community resources available in Maine.

- **General Assistance** - is a program that provides funds for basic living expenses for those who cannot afford them. Applicants are required to verify income and living expenses. Contact your local town office for further information. Your local town office may also be aware of other available funds in your own community.

- **Other** - Contact charitable or faith based organizations in your area for other possible assistance.

What Can Each of Us DO?

Communities are encouraged to set up "Neighbor to Neighbor" programs - where residents take responsibility for checking in (by phone or in person) with some senior neighbors, or individuals with disabilities, or those with other needs. This check-in can help to make sure that people are safe, warm and have enough to eat.

Work within your community to create **WARMING ROOMS** this winter - places where seniors and others with limited resources can go during the day for a warm meal, perhaps an educational program offered by a local organization, some social time with neighbors, or hobbies and crafts. Everyone has a stake in this - law enforcement, town officials, churches, schools, community and civic groups and non-profit organizations, hospitals and health care providers, businesses ...

Getting About and Around Rural Maine

Transportation to a variety of services and social activities, including Warming Rooms, may be arranged through volunteer drivers as well as the transportation services offered through your local CAP. These transportation services are a link between people, resources and services, that sustain and improves lives by creating partnerships in local communities and are NOT limited to low income individuals. In addition to a schedule of trips for medical, social service and life needs, individualized appointments can be made as well - all transportation requires a two-working-day advance notice. If you are not low income, you can still use these services by paying a very reasonable fee.

LYNX in Penobscot and Piscataquis Counties KVCAP in

Somerset County

(207) 873-3695

Toll Free: 1-866-853-5969 Waterville: (207) 877-5677

Skowhegan: (207) 474-8487

Toll Free: 1-800-542-8227

Consider preparing a little bit extra for the family dinner and share this with your neighbor. Seniors are sometimes reluctant to prepare a meal for just themselves and, consequently, often do not eat regularly or well. This puts them at more risk, especially in extremely hot or cold weather. Or, better still - invite them over for a meal and good conversation!

Energy saving tips for every home/business:

- Properly **MAINTAIN** your heating system. Have it cleaned annually and replace furnace filters once a month during the heating season, or as needed.
- **CHECK** the manufacturer's label before insulating your water heater.
- **CLEAN** warm-air registers, baseboard heaters, and radiators as needed. Make sure furniture, carpeting or drapes don't block them.
- Seal **OFF** unused fireplaces.
- **REPLACE** standard incandescent light bulbs with compact fluorescent light bulbs (CFLs) and save 75% of lighting costs.
- Washing and rinsing your clothes in **COLD WATER** can save \$50 a year. Your laundry detergent, not the water temperature, cleans your clothes.
- Turn **OFF** your lights when you aren't in the room.
- **REDUCE** the thermostat setting when everyone is asleep or away from home. Consider installing a programmable thermostat.
- **COVER** your pans when cooking to reduce cooking time and the amount of heat needed. A lower setting can save you \$15 a year.
- Turn **OFF** your oven five minutes before you're done baking to take advantage of built-up heat.
- **CLEAN AND DUST** the bottom and back of your refrigerator once a year. It will run more efficiently.
- **UNPLUG** electronics, battery chargers and other equipment when not in use. Taken together, these small items can use as much power as your refrigerator.
- Turn your water heater **DOWN** to 120° or the "Normal" setting when home and to the lowest setting when you are away.
- Keep **COOL** by keeping windows and doors shut and closing the shades during the day.
- Run your dishwasher and clothes dryer only when **FULLY LOADED**.
- Make **SURE** that your dryer's outside vent is clear and clean the lint filter after every load. (This is also a fire safety tip!)
- **CHECK** for air leaks around windows, doors, electrical boxes, plumbing fixtures, electrical outlets, ceiling fixtures, attic hatches and other locations where there is a possible air path to the outside. If you can locate an air leak, it may need caulking, sealing or weather stripping.

Getting everyone through this coming winter safely will mean working together, supporting one another, and looking out for each other. This is the essence of community.

What topic should I write about next? I'd like to hear from you with your ideas! You can call me at 564-8245, or e-mail me at Sue4SenateDist27@aol.com

In the meantime, enjoy the wonderful veggies and fruits from our local farmers, the Piscataquis County Fair and the return to public school!
My best, Sue

Milo Free Public Library News

By Judith D. Macdougall

The Catch the Reading Bug summer reading program is over. Eight weeks went by fast. Our 23rd final party was held on August 15 in the Milo Town Hall dining room with 18 children and many family and friends present.

There were 35 children enrolled in the program, and they read 1132 books. There are no prizes given for the most books read, but Morgana Vick, a third grader this fall, read 96 books. The child who listened to the most books was Rebekah Demers, 4 years old who listened to 210 books read to her by family members.

Each summer reading program has something that makes it unique, and this year the theme of the program- Insects- was well used. Story Time readers read many books about insects. Eric Carle's books were especially popular. Our SRP members also borrowed lots of insect books for themselves. The library already had a large collection of insect books, but added many in the last year knowing that the 2008 theme was "buggy".

As part of the program Elaine Tardiff led the group in "buggy" action songs, and Stephanie Gillis played the piano for us. Both women are teachers in the MSAD #41 school system.

Through the 8 weeks of the program we have mascots to add to the fun of our program. They were Tara the Tarantula, creepy not cuddly, Freddy the Frog (he eats bad bugs for lunch) and there were also 4 Flower Children with a bee or a ladybug on their petals. Several of these mascots had secrets that we did not reveal to the children ahead of time. Tara was a radio controlled tarantula, but the library staff did not put the batteries into her until party time, and the bees and ladybugs on the flower children played music. We did not reveal these secrets until the party to avoid wearing out the batteries (and for peace sake). An unexpected hit at the party came about when my husband put Tara on the floor, and sent her racing down the aisle, where she ran afoul of a pole and had to be maneuvered back to him. She was amazingly realistic but not cuddly. SRP members have been placing their names into a special box every week, and the winners of the mascots were drawn at the party.

The winners were:-

Tara the Tarantula ---Mercedes Ames
Freddy the Frog-----Rebekah Demers

The Flower Children were won by Rachel McMannus,
Adam Stetson, Theresa Karpowicz and Rosa Cianci.

The winners of the poster contest were:-

Preschool Winner----Rebekah Demers
Grade K-1-----Diana Demers
Grades 2-4-----1st Olivia Kuchinski
2nd Adam Stetson
3rd Miranda Pomerleau

Two special volunteer gifts of a pin and a tote bag for each were presented to Dearle Flint and Joyce Hogan. As Joyce was not present, her gift will be delivered to her.

The Milo Free Public Library is very lucky to have a special library friend in California, Esperanza Crackel. Mrs. Crackel has sent exciting boxes or given money to our SRP final party for the last 5 years. This year we received 3 boxes of gifts and every child could choose a Ty Baby toy and two books to keep for themselves. SRP children who were not present at the party may come into the library to choose their gifts.

After the gifts were chosen, refreshments were served by trustees and library substitute staff. A group picture was taken and along with the special California gifts, each child received a balloon and a Catch the Reading Bug SRP certificate.

Adults who worked at the party and refreshments were Audrey Chadwick, Joanne DeWitt, Dearle Flint, Pamela Flanagan, (assistant), and Judith Macdougall, (library director). Food was contributed by the above and also Theda Cowing and Melanie Hussey.

Children who participated in the program were:-

Mercedes Ames
Michael Brown
Diana Demers
Victor Eastman
Crowell Garland
Triston Green
Theresa Karpowicz
Olivia Kuchinski
Lilly Lagasse
Jillian Lumbra
Rachel McMannus
Emily Monohan
Maxwell Osgood
Anna Rideout
Camryn Rolfe
Morgana Vick
Cayden Warner

Grady Atkinson
Rosa Cianci
Rebekah Demers
Zak Gahagan
